SAFE DISCIPLINE

Does it honor Jesus Christ and adhere to Ephesians 4:29?* (Do not let any unwholesome talk come out of your mouths, but only what is helpful for building others up according to their needs, that it may benefit those who listen.)

EMERGENCY OPERATIONS PLAN

Adapted from *Bloomingtondale Church Protection & Emergency Operations Plan v1.1*

EVACUATION PREPAREDNESS DRILLING

Annual evacuation drilling (fire, severe weather, lockdown) is to be scheduled as follows:

- **BC Staff:** At least once annually on a Wednesday during staff meeting
- **Ushers & Security Team:** At least once annually during volunteer training meeting
- **NextGen Volunteers:** At least once annually during volunteer training meeting
- **Day Camp:** Annually during volunteer training meeting

FIRE

Fire evacuation commences **immediately** upon fire alarm siren and/or identification of threat of fire.

1. Evacuate

- a. Security Team, staff and/or program point leader will instruct all attendees to remain calm and to immediately evacuate using primary and secondary evacuation routes.
- b. NextGen programming: Point leader/classroom leader should line up attendees and exit using the designated route. If possible, collect outdoor wear and classroom roster.
 - i. Parents requesting to be near their child will be instructed to follow the evacuation route with class *with the point leader remaining in charge* until accountability and release.
- c. Nursery programming: Children can be placed in a rolling crib.
- d. *Evacuate all NextGen participants/volunteers* to grass area between the parsonages and/or inside the garages. Parents will be reunited with children after accountability.
- e. Evacuate all other individuals in the building to the southwest corner of the parking lot, or east sidewalk parallel to Glen Ellyn Road.

2. Accountability

- a. *Take attendance* and report all people accounted for to the designated staff/point leader.
- b. *Insist that no one gets in their car* and attempts to exit the property as this may clog the pathway for the emergency vehicles.

3. Communicate

- a. Once all evacuation has commenced, the Security Team or onsite staff member will respond to the Fire Alarm Control Panel (Sprinkler Room) and determine the reason for the activation.
- b. If it is determined that the reason for the fire alarm is a false activation:
 - i. A courtesy call to the Bloomingtondale Fire Department (630-894-9080) can be made, however the Fire Department must respond to the call regardless of reason.
 - ii. The fire alarm can be silenced via the Fire Alarm Control Panel. *Do not reset.*
- c. Designate a Security Team, Staff and/or Program Point Leader to be a communication liaison with arriving Bloomingtondale Fire Department units.

4. Return to normal

- a. When Bloomingtondale Fire Department has determined that the building is clear, Security Team, staff and/or program point leader will instruct attendees to return to normal activities.
- b. Communicate safety by first contacting parents (text or call), and posting an update to 1) BC mobile app 2) BC website notification bar and 3) BC social media account(s). Contact info@bloomingtondalechurch.org for access.

TORNADO/SEVERE WEATHER

Severe Weather Definitions

- **Tornado Watch:** Issued when weather conditions are favorable for the development of severe (supercell) thunderstorms capable of producing tornadoes. *A tornado watch therefore implies that it is also a severe thunderstorm watch.*
- **Tornado Warning:** An alert issued by the national weather forecasting agencies to warn the public that severe thunderstorms with tornadoes are imminent or occurring.
- **Thunderstorm Watch/Warning:** Issued when conditions are favorable for the development of severe thunderstorms in and close to the watch area.
- **Snow/ice closing:** A significant snowfall in which the plows have a difficult time keeping up with the snow that occurs close to the beginning of a scheduled program.
- **Extreme cold:** When the predicted wind chill is -20° or lower.

Pre-Closure of Programming

If there is severe weather prior to any event including services, the staff person overseeing the program will make a decision concerning cancellation. If not available, the program point leader should confer the decision with an available staff person. If a decision has been made to close a program, communicate first to attendees/parents (email, text, or call), and posting an update to 1) BC mobile app 2) BC website notification bar and 3) BC social media account(s). Contact info@bloomingdalechurch.org for access.

Monitoring a Severe Weather Watch - Programming is in Progress

- *If a Watch is in effect*, Security Team, staff and/or program point leaders will be notified of the situation.
- Preparations are to be made to move participants into designated shelter areas if instructed.
- Security Team or designated adult is to continue to monitor the weather situation:
 - “Red Cross Emergency” or “Weather Channel” mobile app
 - Weather radio is available in copier area south of South Lobby

Responding to a Severe Weather Warning

- **The decision to move all participants** to designated shelters should be made by following the chain of command, and *immediately adhered to if a Warning is issued* for the area.
 - Security Team, staff and/or program point leader will instruct all attendees to remain calm and to immediately move to designated shelter areas.
 - NextGen programming: Point leader/classroom leader should line up attendees, collect classroom roster, and move together.
- **Designated shelter locations:**
 - Seek to place as many people as safely possible in designated shelter areas first. (e.g. 4 stall restrooms become a holding room for 25 people)
 - Secondary locations include interior rooms or stairwells, preferably in the basement, without direct exterior windows or doors (e.g. gym kitchen, west Youth Quad hallway, Nursery rooms, Theater Room)
 - Stay away from windows and areas with truss roofs or wide spaces (e.g. gym, sanctuary, common grounds) or elevators.
- **Accountability**
 - Security/assigned adult is to check all areas to confirm everyone is accounted for.
 - In the event that there is a child missing, the teacher/leader should immediately alert the Security Team, staff and/or program point leader of the name and age of the missing child, but stay with their class. Assign individuals to locate the child.
- **Return to Normal:**
 - Security Team, staff and/or program point leader determine when it is safe to return based on clearance from the National Weather Service.
 - Communicate safety by first contacting parents (text or call), and posting an update to 1) BC mobile app 2) BC website notification bar and 3) BC social media account(s). Contact info@bloomingdalechurch.org for access.

HANDLING A DISRUPTIVE PERSON

- **Be proactive.** Be alert for anyone that appears out of place or suspicious. The best way to ensure that no aggressive activity occurs is to stop it before it happens.
 - If leading a NextGen program, children/teens are your primary concern. Do not leave your group unattended. Ask another adult to assist.
- **Do not interact with the individual alone.** Ask another person to assist you and/or request someone to be waiting nearby.
- **Be friendly and engage the individual in a conversation.** Introduce yourself, ask them their name, where they are from, what brought them to church, how long they have been coming, etc.

If an individual escalates:

1. Ask the person to come to a less-crowded area (but do not go alone). This can be a less used hallway or empty room that is nearby.
2. Deescalate the situation if possible by using a non-confrontational, calm manner. Attempt to find out the nature of the problem. *Do not make physical contact with the person.*
3. If the person will *not* come peacefully, or acts aggressively toward others/property:
 - a. Make your personal safety and the safety of those around you the highest priority.
 - b. *As a last option*, ask the individual to leave. If they will not leave, remove other people from the area. Be ready to lock down the building.

LOCKDOWN

The decision to initiate a lockdown will be made by the onsite staff person, and then the program point leader. This decision will be made based on an evaluation of potential threats located in and/or outside the building. A lockdown will also be initiated when the church is contacted that there is a threat in the community.

If it is determined that there is any potential or immediate threat:

1. **Call 911.** Communicate with emergency responders.
2. **Initiate lockdown:** Security Team, staff and/or program point leader will be notified and all parties involved will move as quickly and calmly as possible to initiate lockdown. Be concise but specific, sharing only necessary information: "We have an emergency in [specified area]. We are locking down all securable spaces."

First priority: **Hide in securable spaces**

1. Find a securable space to hide in (e.g. classroom, gym kitchen, office, storage closet)
2. Manually close and lock all doors. Barricade doorway if possible.
 - a. Monitor the door. Open door only to give protection to an individual that does not appear to pose any type of threat (i.e. child).
3. Turn off lights. Move individuals away from the door and out of line of sight from windows.
 - a. Quads: Pull divider curtain closed, hiding on opposite side of hallway windows.
4. Silence all mobile devices. Stay very quiet.

Second priority: **Attempt to evacuate** if there is an accessible escape path and/or in a non-securable place

Fight as a last resort, and only when your life is in imminent danger.

Lock Down Cancelled

1. Law Enforcement (if on site) or Security Team/staff will clear the room and then inform each room that it is safe.
2. Parents will be reunited with minors following NextGen check-out policy in designated location.
3. Communicate safety by first contacting (text, call) parents of minors.

EVACUATION MAPS

Emergency procedures and evacuation maps are posted in classrooms and on check-out clipboards.
